

Dr. Schweitzer's legacy lives on through the Albert Schweitzer Fellowship

ASFHG Schweitzer Fellow Sponsorship Opportunity

Help make a difference.

Investing in a Schweitzer Fellow is an invaluable and accessible opportunity to support the Fellows as they become our health leaders of tomorrow.

Fellow Testimonials

The Fellowship has further inspired my goals to work in primary care and pursue a career dedicated to addressing the health and social care needs of medically underserved communities. Additionally, the Fellowship experience has helped me better understand the power of relational leadership and community building to achieve long-term goals.

~ Fellow for Life, 2023-24

Being part of the Fellowship has changed my perception of my leadership role within my community. It has shown me the power of teamwork, delegation of responsibilities, and dedicated effort toward a common mission. I've realized that by harnessing the collective strengths of my team, I can achieve far more than I previously thought possible.
